SUBMISSION OF PARTIAL ENGLISH TRANSLATION
OF PREVIOUSLY CITED FOREIGN DOCUMENT

Sir:

Supplemental to the Supplemental Information Disclosure Statement timely
filed in the Patent and Trademark Office on October 6, 2005, this Submission is being filed.

A copy of a Korean Patent Application KR 2002-0018266 was submitted with
the mentioned Supplemental Information Disclosure Statement. Supplemental to that submission,
and merely to provide a further concise statement of relevance for that Korean document,
Applicant now submits the attached paper entitled "Extracted Translations of Relevant
Descriptions of Korean Document KR 2002-0018266" (pages 2-4), which includes at least a
partial English translation of relevant portions of the Korean document.

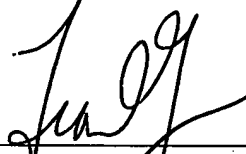

Furthermore, for a further concise explanation of relevance of previously cited Korean document 2002-0066581 (cited in the Supplemental Information Disclosure Statement filed October 6, 2005), the Examiner is respectfully referred to English-language counterparts U.S. Patent Application Publication No. 2004/0046493 (published March 11, 2004) and U.S. Patent Application Publication No. 2002/0017875 (published February 14, 2002) . No copies of the U.S. Patent Application Publications are provided herewith because these are available electronically from the Patent and Trademark Office. Also, the publications are not identified on a Form PTO-1449 form because these are referred to merely to provide a concise statement of relevance of previously cited Korean document 2002-0066581.

Since the Korean references were previously cited in a Supplemental Information Disclosure Statement timely filed in the present application, and because this submission merely transmits a further concise statement of relevance of those references, it is believed that no fee is due in connection with the present Submission. However, should a fee be deemed necessary, authorization is hereby granted to charge Deposit Account 06-1205 for the necessary fee.

Entry and consideration hereof are earnestly solicited.
